The City should be redistricted at once, according to law. The wards should be equalized according to population. The First ward only has 50,883 inhabitants, while the Twenty-seventh has 94,360. Six of the wards contain 75,000 people. The Fifteenth has 80,532; the Twenty-ninth, 85,491; the Thirty-third, 83,229.

William Duff Haynie is popular with railroad men, lawyers and the general public.

Colonel Frank O. Lowden is looking up as a Republican candidate for governor.

The so-called Chicago technical high schools for teaching "trades," turn out one good product to ten loafers in their output. They should be abolished and the millions wasted upon them spent for giving children a decent education along real educational lines.

Chicago is taxed nearly to death and there is more coming.

The Federal Government outside of its special taxes levies an income tax and a Corporation tax.

The other taxes in Chicago are levied by the following bodies:

State Tax—For state purposes. The governor, auditor and treasurer constitute the board which ascertains the rate per cent required to produce the amount of taxes levied by the general assembly. The "state school tax" is levied in the same manner.

County Tax—The county board levies the taxes for all county purposes.

The North Shore Park District—Organized the same as Ridge Park.

## CALL JUDGE BROWN BACK

One of the Best Judges That the Circuit or Appellate Court Ever Had.

Everybody realizes that a great mistake was made when Judge Edward Osgood Brown was not re-elected to the Circuit bench last summer. There is a chance to rectify this error next June. Judge Brown should be elected to the Superior court.

Corsiglia Brothers' fine restaurant, at the Southwest corner of Orleans & Illinois streets, is a great favorite with hundreds of the big business men and manufacturers in the vicinity. Corsiglia Brothers have long held a great name for their unrivaled Italian cooking. Their Spaghetti and Ravioli have won well deserved reputations on account of their excellence.

Alderman John Powers is invincible in the Nineteenth.

James J. Brady has made a clean record as State Auditor.

Chicago gives to its people the poorest water service of any city in the world for the money they pay for it. With an exhaustless body of fresh water at her door Chicago is constantly talking about installing water meters in every flat and in every home to stop "waste." This is in the face of the fact that the enormous surplus in the water fund is constantly being appropriated to meet other expenses of the city government instead of being used to extend and build up the water system. Water meters in every flat in Chicago would bring on a pestilence in this big city in a short time.

Every man who talks of water meters or water waste in the homes of Chicago should be charged as a public enemy.

The people cannot have too much water.

To limit its use means pestilence and disease.

New York goes 168 miles for fresh water and the great aqueduct which carries it to her people cost over \$500,000,000. It is one of the marvels of modern times and ranks alongside of the Panama Canal as one of the wonders of the world.

Liverpool, England, is supplied with fresh water by an aqueduct which brings a supply from Wales and yet there is no talk of "waste" over there. Other European cities go even farther for their supply of water.

But Chicago, with an abundance at hand, is always howling about "waste."

An enormous sum is diverted from the water fund every year to supply the wants of other city departments as you can learn from the recommendations of the finance committee to the city council in the printed council reports.

If the water fund was properly used, a pumping station could be built at the lake end of every section line in the city.

If this was done you would hear no more about "water waste" and the necessity for meters in every house.

The battle of 1916 is on!

The dates are all set for the big fight.

The presidential primary—with the direct selection of delegates from each district, together with eight delegates at large to be chosen from the entire state—will be held on April 11. The primary for the nomination of state officers, congressmen, members of the legislature, and county offices will be held on September 13, the first Wednesday after the second Tuesday.
